

Start Date 2016/11/16
End Date 2016/11/18
Event Title 6TH INTERNATIONAL SYMPOSIUM ON FOOD PACKAGING: Scientific Developments supporting Safety and Innovation
Event Description The ILSI Europe International Symposia on Food Packaging are held every four years and are internationally recognised as a scientific forum to discuss the science that ensures the safety and quality of food packaging. Following the success of the 5th Symposium on Food Packaging: Scientific Developments supporting Safety and Innovation held in Berlin in November 2012, a 6th symposium will be held in November 2016 emphasising again the innovations in the area of food packaging.
